# Digital Images

The school's policy in relation to the use of digital images of student's at Poynton High School for educational and promotional purposes, and to enlist your support in the carefully controlled and monitored use of such images.

There are significant benefits in using digital images in schools. Digital video and photography is an exciting medium that can motivate and inspire students. Research has shown that using digital images in education can encourage creativity, improve communication and team working skills and enthuse students. In addition, the use of digital images provides a good opportunity to promote the work of Poynton High School and Performing Arts College.

We would therefore like to assure you that Poynton High School takes the issue of child safety very seriously. The school's Website Policy and the Data Protection Act 2018, General Data Protection Regulation GDPR (EU) 2016/679 underpins any use of student images.

The above includes images appearing in any of the following formats:

- \* Please note that websites can be viewed throughout the world and not just in the United Kingdom where UK law applies.

We would therefore like to request your permission to use images of your son/daughter in any one of the formats, where appropriate, for educational or promotional services including the year book. Please indicate Yes/No on the linked Student Registration Form.

# Internet Usage – Parental Agreement

As the parent/carer of the student , I give permission for my child to access networked computer services such as e-mail and the internet. I understand that students will be held accountable for their own actions. I also understand that although the school will take reasonable steps to ensure that my child is appropriately supervised, according to age and responsibility, I will not hold the school or the Local Authority responsible for inappropriate material that my child may obtain. I understand the school reserves the right to apply monitoring arrangements to any student in relation to network, e-mail and internet use as a safeguarding measure. I accept responsibility for setting standards for my son/daughter to follow when selecting, sharing and exploring information and media. I agree to report any misuse of the network to the school.

Please indicate on the registration form that you have read and understood the agreement.

*Once on roll, all students will need to agree to the following:*

*As a school user of the internet, I agree to follow the school rules on its use. I will use the network in a responsible way and observe all the restrictions explained to me by the school. I agree to report any misuse of the network to a member of staff. I also agree to report any websites that are available on the school internet that contain inappropriate material to a member of staff. If I do not follow the rules, I understand that this may result in loss of access to the internet as well as other disciplinary action.*

# Mobile Phones

Below are the school's guidelines on mobile phones on the school site. We introduced these guidelines in September 2017 and it has had a positive impact on the school and the feedback we have received from both parents and students has been supportive of the guidelines.

Students in Years 7 – 11 are not permitted to use mobile phones when on the school site. As a school we are convinced that mobile phones are a distraction and have serious concerns about the impact of their inappropriate use. We do know their use is reducing our students' ability to connect with one another socially on a day-to-day basis. We also believe that removing the distraction of mobile phones at school will impact favourably on our students' approaches to their studies and ultimately outcomes for all.

We do however, recognise that some parents want their children to carry mobile phones to school. The school rules therefore state that phones should not be seen or used in school. All phones should be switched off before they enter the school grounds and remain switched off. All phones must be kept out of sight in bags or lockers, students are not allowed to carry phones in pockets or on their person.

If a mobile phone is seen, heard or used in school it will be confiscated. Any phone that is confiscated will be kept in a secure location. Parents will be notified that their child's phone has been confiscated. Parents or an appropriate adult will be invited to collect the phone from the main school reception after a period of 24 hours has elapsed. If a parent wishes the phone to be returned to their child this will only happen following a period of 72 hours. We will not return phones directly to students. Any student who fails to hand in their phone when asked will receive a fixed term exclusion. Repeated failure to follow the policy may result in an increased fixed term exclusion or a temporary transfer to another school behaviour base.

Students must make sure their phone is switched off before they enter the school grounds and remain switched off while on school grounds. If students need to make a call at the end of the day to discuss arrangements with parents this must take place off the school grounds or after 3.15pm outside the school buildings. If a student needs to make an essential call during the school day they must go to their year team at break, lunch or after school to make the essential call.

Parents and carers should be reassured that they will still be able to communicate with students during the course of the school day through our established communication pathways. Please contact the school switchboard and a member of our team will be able to pass on any urgent messages to students.

These guidelines we believe have a positive impact on the school environment. We would appreciate your support in reinforcing our message at home.

Thank you in advance for your support.

# Diagnostic Testing

As a school we conduct diagnostic testing to assess your child's cognitive abilities. This is solely for educational purposes. The testing will take place on entry in Year 7 and be repeated in Year 9. The results of the testing will be shared with teachers and leaders at Poynton High School to help improve students' progress in learning.

Supplementary testing may be required at KS4 and KS5 for examination access arrangements. Students will sign a separate data protection notice for this testing as some results are shared with the Joint Council for Qualifications (JCQ).

The testing does not require any prior learning or revision.

Please indicate Yes/No on the linked Student Registration Form to give your consent for this testing to take place.

# Lockers

The school has lockers for students to rent. This facility was very expensive initially and there are continuing regular replacement and maintenance demands. The locker rental is £30 per student (non-refundable). This amount covers the cost of the same locker from year 7 to 11. We will arrange the payment scheme in September. There are enough lockers for all students to have one.

# Cashless Catering

The school operates a cashless catering system which makes lunch-time more effective and exciting for all our students and relieves them of the need to carry money.

Years 7 – 11 use a fob to pay for their food. In September each student will be issued with a lanyard and fob.

This system improves efficiency and keeps queues to a minimum.

- It ensures complete confidentiality for students entitled to free school meals.
- It is a unique verification. No one else can use the student's fob.
- It is an anti-bullying strategy as students do not need to carry cash.
- It ensures money provided by parents for school meals is used only for this purpose.
- It can provide parents with details of what their child is eating at lunchtime.

There are three ways in which money can be paid into an account:

- Payment by cheque – payable to Chartwells.
- On-line Payment – through Parent Pay.
- Cash – there are revalidation units in school which means money loaded on the machine is automatically credited to their account.

Full details of the on-line payment methods will be distributed to parents before September and will be available on the school website.

If your child would like a school meal on the first day you will need to load money onto their Parentpay account, or they will need to bring cash with them and we will then manually load it onto their account.

Thank you for your co-operation.
