

# Yr11 Transitional Work

## Yr11 Transitional Tasks

### 1: A5 sketchbook:

- Either make your own sketchbook from paper found from where you live, envelopes, discarded paper items OR...
- Recycle an old book. Check the pages have a matt and not glossy finish to them. Glossy pages could be difficult to work upon.  
(Or buy one but hopefully this should be the last resort)

THE EASIEST METHOD OF FIXING PAGES TOGETHER IS TO USE A HOLE PUNCH AND THEN TIE THEM.

## Theme: Interior Spaces

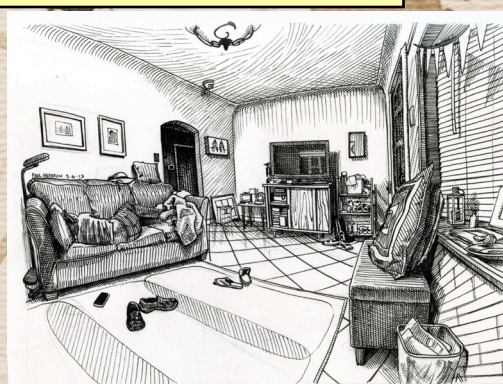

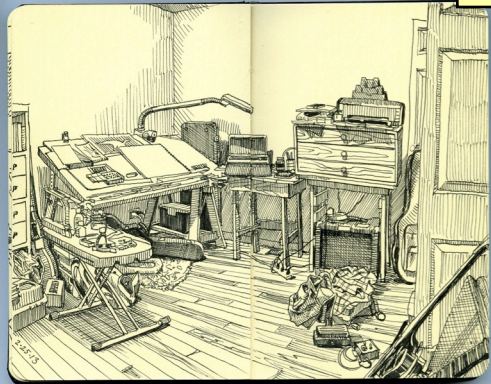

### 2: Observational Drawings in A5 sketchbook:

- Once you have your sketchbook you are complete a series of drawings in it from direct observation. These are to be based upon your surroundings during this lockdown period.

KEEP LOOKING CLOSELY

DRAWINGS BY PAUL HEASTON

# Theme: Interior Spaces

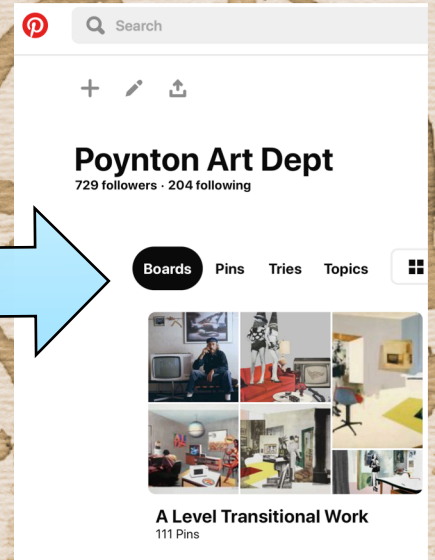

## 3. Photographs:

- Set up a Pinterest board based upon photographers whom tackle the theme of 'Interior Spaces'. Research a photographer that takes shots of interior spaces and try to replicate their style.

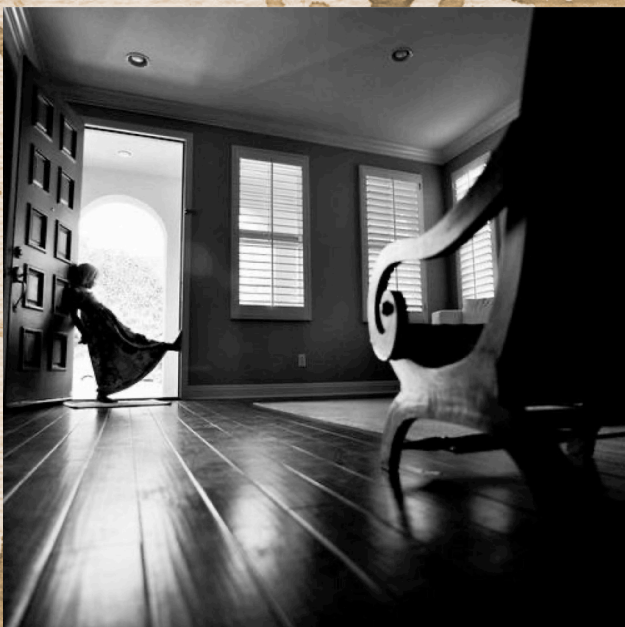

- Take a series of Photographs in the style of your photographer.

- Look carefully at their compositions before taking your shots.

- Edit the photographs to change the composition, lighting and contrasts.

LOOK AT HOW THE IMAGES ARE COMPOSED AND TRY TO RECREATE THIS.

# Theme: Interior Spaces

## 4. Drawings & Colour Studies

- Using the Poynton Art Dept Pinterest board shown here look at the work of the artists pinned. Many of them on this board use doorways, windows and other objects as framing devices.

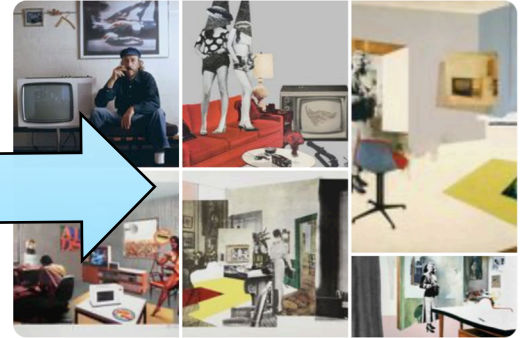

- Complete a series of studies in colour that use the technique of framing. You will need to do some photography and preliminary drawings to work out your compositions before completing the colour studies.

## 5. Collage (Materials permitting)

- Use the Art Dept Pinterest board again to get started and research the collage artists, but also conduct your own research.
- Complete a selection of Collages based upon the theme of 'Interior Spaces'.
